

CONDITIONS FOR SORTING DISCOUNT

Bring Citymail offers a discount to customers whose distributions have been sorted and notified digitally by a Citymail Preprocessing Partner.

Citymail Preprocessing Partners are authorised to qualify the customer's distribution for a sorting discount.

A company can become a Citymail Preprocessing Partner through acquiring or developing a system certified by Bring Citymail and by entering into a co-operation agreement with Bring Citymail for sorting and notification of distributions.

Bring Citymail customers who sort and notify their distributions themselves, are provided with the opportunity to qualify their own distributions to and therefore achieve sorting discounts. A certified system is however required to be used and notifications are to be submitted digitally in the way specified in current conditions. Contact Bring Citymail for distribution qualification approval.
